

After meeting with several Graduate programs to discuss recruitment initiatives The Graduate School has prepared a list of suggestions for content and links that will ensure prospective and current students receive the most useful and up to date information.

Suggestions for Graduate Program Web sites

Developed by The Graduate School, University of North Dakota

Suggestions for the Front Page:

- Message from your College Dean or department chair
 - Degree Programs
 - Current department news/highlights/events
 - Visuals (pictures, links to videos, and PP presentations)
 - Important Links (for some suggestions, see below)
-

List of Possible Important Links

Note: The Graduate School maintains up to date information on policies, admission requirements, forms, and other tools for prospective and current students. We recommend that you link to the relevant Graduate School information rather than copy information which can quickly become outdated. For your convenience, we have provided some of these links here.

Prospective Students

- Admission Requirements (www.und.edu/dept/grad/html/admissionshome.html)
- Link to Apply Now (apply.embark.com/grad/northdakota/)
- Financial Assistantship (if applicable)
