Note: If you don't wish to make this universal, but only for an individual student, then do not use this form, but instead do whichever is appropriate, either:

- (1) If the student needs it for a pre-requisite, sign instead an "override card" (#17) clearing that student on the missing pre-requisite; or
- (2) If the student needs it for a degree requirement for their program, send a note or petition to the student's college office.
