

Application for Emphases

Although no student majoring in psychology is required to complete an emphasis, students may choose to do so in order to gain greater background in their areas of interest in the field of psychology. *In order to complete an emphasis, a student must pass at least four of the courses listed for that emphasis.* Courses taken in the core curriculum may count toward completion of an emphasis. Students may complete more than one emphasis and courses listed under more than one emphasis may be counted toward completion of multiple emphases. Students wishing to receive documentation in one or more emphases must apply with the Psychology Department no later than the deadline for applying to graduate and no earlier than the start of the semester of their intended graduation. Students with declared emphases will receive documentation from the Psychology Department following their graduation.

Name as you would like it to appear on certificate: _____

Student ID#: _____

Address certificate to be mailed to: _____

Check emphases you are applying for and circle courses completed within that emphasis.

Psychology of Human Development: _____

Psyc 213: Educational Psych
