

A **W. H. FREEMAN** Course Space

**One Click. One Place. For all your course needs.**

**Your Online Learning Solution  
for Jon Rogawski's *Calculus*, 2<sup>nd</sup> Edition**

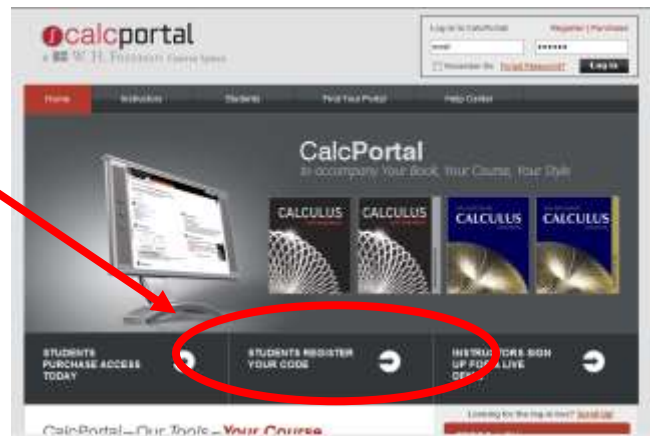

## **CalcPortal is required for this course.**

You will need to obtain access to CalcPortal by purchasing it as a package with the textbook through the bookstore, or directly from the CalcPortal Web site at [www.yourcalcportal.com](http://www.yourcalcportal.com). Please note that the CalcPortal *includes the eBook* – therefore you do *not* need to acquire both it and the textbook, but if you prefer a printed text, it can be purchased with the portal for a nominal fee.

## **Accessing CalcPortal**

Below are purchasing options. Once you have your access, registering is simple. Follow these steps:

- 1) Go to [www.yourcalcportal.com](http://www.yourcalcportal.com)
- 2) Select the “Students Register Your Code” link
- 3) Locate your text and click “Register your Code”
- 4) Fill in the requested information  
(note: be sure to write down your password for future use)
- 5) Click “Next” at the bottom of the page, confirm the information on the following screen, and click “Create Account” to complete the registration process
- 6) Once you have registered and you log into the site, you will be taken to the homepage, where you can find “eBook,” “Resources,” and “Assignments” tabs along the top banner of the site

### **PURCHASE OPTION #1: Bookstore**

**You may purchase the printed textbook packaged *with* a 24, 12, or 6 month *CalcPortal Access Card* directly from your campus bookstore...**

## **CalcPortal is organized around three main components:**

### **1) Interactive eBook**

Integrates a complete and customizable online version of the text with all of its media resources. This ebook is not just PDFs of the text. You can quickly search the text, highlight key areas, and add notes. There are also integrated learning tools and a Personalized Study Plan.

### **2) Resources:**

Organizes all of the resources into one location for ease of use. Some of the popular resources include:

- Student Solutions Manual
- Dynamic Figures
- Interactive Applets
- CalcClips
- Precalculus Diagnostic Quizzes
- Chapter Quizzes
- Short Answers
- Additional Content
- Applications Index
- Mathematica Manual
- Maple Manual
- And more!

### **3) Assignment Center:**

This is the location for where your instructor(s) can post additional course materials and daily and/or weekly homework. You can also track your grades. Be sure to check it often for any new assignments.
