

GRASP Meeting Minutes
April 13, 2005
7 p.m.
UND Memorial Union - Medora Room

In attendance: Sonia Marrone, Patrick Kerr, Caitlin Schultz, Kristi Sather, Jennifer Short, Lisa Bemus

Minutes of February 28 were approved.

BUSINESS:

Website Update:

Sonia announced that the GRASP website is officially live on the UND webspace. An email will be sent to Mark Grabe to add the link to the department website. The homepage as well as several other areas still need work. A discussion ensued about ways to add to the website such as a student's bio page. Sonia will email all students to send in their biographical information such as research interests and advisor as well as any digital photographs they may want to post. The goal is to have this portion of the website completed by August 2005.

DBT Wrap-Up

Patrick reported that we are still waiting for the final invoice to come from Dr. Fruzzetti to determine the exact profit from this event.

There was a discussion about future workshops and an annual training seminar offered by GRASP. Sonia made a motion to circulate a short survey asking three questions: 1) What did you think of the workshop? 2) Was it helpful? 3) List three potential topics for future workshops that you would be interested in attending?. This motion was seconded by Patrick. Motion carried.

Potential GRASP Resource Library

Patrick reported that the individual who placed the ad about wanting to give away/sell a number of psychological journals has responded saying that they expect payment as well as shipping costs to be paid. Patrick will compile a list of the journals from this potential seller in order for GRASP to make a decision on purchasing these items.

SAC Funding for Students Attending Conferences

Patrick reported that SAC funding is available for students who want to attend conferences.

Nomination and Election Process

This is the time of year for the election of new officers. Patrick will send out a call for nominations on the list-serv.

Meeting was adjourned.
