Announcements

Mark reported that there is no open computer space for GRASP. However, once the new building is open it may be a possibility.

Mark also said there is no alumni database set up yet, and that Caitlin plans to start organizing one in the coming weeks.

Business

The members of GRASP decided to extend their support for the PSC funding issue via a student initiative rather than becoming directly involved.

The group also discussed concerns raised about the student applicant social.

Workshop Committee Update: Joanna reported that the top three workshop choices were crisis intervention, health psychology/behavioral medicine, and teaching methodology. She plans to send out the full results to the list-serv.

Troy mentioned that Dr. Muehlenkamp has contacts in the crisis intervention area and could potentially become involved with the project.

The next meeting is scheduled for January 21, 2007 at 5:00 pm in CL 140.
